## CYCLONE LAYS IT WASTE

Fourteen Persons Known to be Seriously Injured.

## DARK, AND RAIN POURING

Full Extent of the Calamity Not to be Known Till Daylight—Rumors of Other Calamities.

Chickasha, T., May 6.—(Special.)—A cyclone struck Chickasha about 4:30 this afternoon, wrecked sixteen residences and seriously injured fourteen persons. It is thought that J. H. Murray, a railroad man who was found pinned to the ground under one of the buildings, will die. Four freight cars were lifted off the Rock Island track and smashed. The round house was uninjured and all the railroad buildings materially damaged. The storm swept up from the southwest, black clouds burning along the earth, following a terrific hail storm. The path of the tornado was right down Chickasha avenue, the main street of the town. When it struck, a swirling storm of dust and paper trash, the smaller buildings were blown down and nearly every store on the street was unroofed, exposing the contents to the rain. The worst lasted for about ten minutes. A flood of rain lasting for an hour followed and tonight the town is so much under water that people cannot get about to rescue the injured. It is pitch dark and raining. There is the greatest excitement and all kinds of wild rumors as to the number injured. There are at least twenty people missing and it is not known whether they are killed or injured or what has taken place. Great fear is expressed as to the damage in the country.

There are reports of an awful storm west and near Anadarko. The Rock Island extension up the Canadian to Anadarko is reported to be washed out in three places and Rock Island trains are blocked here. The extent of damage wrought by the storm cannot be known until daylight, and the water has gone down.

## THREE SMALL CYCLONES

At Medford Tuesday Evening. One Right After Another.

Guthrie, O., T., May 6.—(Special.)—Last Tuesday evening, during a terrific hail storm at Medford, three small cyclones developed. One of the tornadoes demolished a large barn. No other wrecks are reported. Some of the hail at Medford measured three inches in diameter, and a greenhouse had eighty lights broken. The Medford Star thus describes the storm:

Tuesday evening about 7 o'clock immense black clouds began to gather in the four directions, and within half an hour thereafter torrents of rain, accompanied by a large quantity of hail, descended. The down-pour lasted about twenty minutes, followed by a dead calm. Presently a terrific roar above attracted the sky-viewing inhabitants, most of whom occupied positions in cellar doors, and a moment later subsides the size of hen eggs were striking the earth with great force. After falling steadily for five or seven minutes, the hail ceased, and a friend, cooled, and a second calm followed. But the calm was assumed a still more threatening aspect. To the south, east and west were observed great white swirling, swirling funnel-shaped clouds, sweeping downward, then upward, zigzag fashion. A large crowd of school children, coming from a picnic were threatened with destruction, but the driver of the conveyance, taught by his team and rushed out of harm's way, and the cyclone swept by the yard district. Walter Horn and George Gengen were returning from Jefferson, and likewise ran from the unrelenting power. A moment and the cloud had passed, leaving them unharmed; but while they were recovering their second wind and the boys sat mutely surveying the desolate cloud, another from above swooped downward, picked the barn and its contents up and twisted it about like a top, then letting it down was a crash, breaking the roof and one side. Aside from a severe shaking up the boys are feeling all right.

## TWO FAMILIES CYCLOPED

Their Houses Blown to Splinters But No One Much Hurt.

Okanosha, O., T., May 6.—(Special.)—This part of Oklahoma has been free from destructive storms, but on the night of May 5 a regular hurricane destroyed the homes of John Tardiff and Mr. James, and when miles southwest of this place. It came about 9 o'clock and as it had been raining all the evening was unnoted by either family. Both places were supplied with good coffee and Mrs. James was preparing to serve them but did not move in time. She, Tardiff had one foot and the other was thrown through a chair. The family was gathered up in an adjoining hall and none of them seriously hurt. Both houses were completely destroyed and contents torn up, but some of the neighborhood were not disturbed. The wind was very strong outside the track of the storm and two farms were about all that fell in the way.

## ENCAMPMENT AT KINGFISHER

May 17-19 Promises to be of Very Extraordinary Interest.

Kingfisher, O., T., May 6.—(Special.)—The people of Kingfisher city and county are making great preparations for the ninth annual encampment of the Grand Army of the Republic, which will be held in this city May 17, 18 and 19. The committee on invitations have selected and received assurances that the following gentlemen will be present and address the old veterans on this occasion, viz: Commander-in-Chief W. C. Johnson, Cincinnati, Ohio; P. C. Lawler, Rockford, Ill.; A. G. Whitt, Milwaukee, Wis.; J. C. Clark, Omaha; John C. Black, Chicago; William

Warner, Kansas City, Mo.; Ex-Senator John J. Ingalls, Judge C. F. Irwin, El Reno; Governor Stanley of Kansas; General Murray Meyer, Wichita; Governor C. M. Barnes, Guthrie; Representative Dennis T. Flynn; F. R. Gillett, El Reno; Sidney Clarke, Norman City.

The people will be further entertained with both vocal and instrumental music rendered by the Lane family orchestra of Kingfisher, the Kingfisher College Glee club, Dover string band and the Marshall club. Another feature of the encampment will be a company of old veterans in an exhibition drill, going through the entire manual of arms as taught and used in our last civil war. Captain Elmer Solomon of company G, Oklahoma militia, of this city, will also have his company out and give several exhibition drills during the encampment. Captain Solomon, although quite a young man, is said to be one of the most skillful drill masters in the southwest.

## INDIAN TERRITORY BRAVES

Tell Their Troubles to Secretary of the Interior at Hittchock.

Washington, May 6.—A delegation of nine Indian braves from the Masquaque band of the Sacs and Foxes and Iowa, headed by Chief Mukquesheto, had a hearing today before Secretary of the Interior Hittchock. Their grievances are mainly over annuity matters, a special protest against the reduction of the annuity of \$5 each from the annuity for the 1890-odd children, based on the expense and labor of gathering them in to attend the schools. A number of the tribe have refused to accept any annuities because of the old animosity against the government and the annuity from the government and the annuity from the government and the annuity from the government.

## GRANT COUNTY'S COUNTY SEAT

Jefferson Accused of Bribery For Offering a Court House.

Guthrie, O., T., May 6.—(Special.)—One week from next Tuesday the county seat election in Grant county will be held. The contest is very bitter, and is between Medford, Jefferson and Post Creek. The local papers are full of charges and countercharges in such contexts. Jefferson offered to donate a \$12,000 court house to the county if the people vote for that location. Some of its opponents call this bribery, and the Jefferson people quote from the English Encyclopedia of Law to prove that the offer of a public building is not bribery.

## CHANGE IN FREIGHT RATES

Raise on the Santa Fe Causes Kicking in Oklahoma.

Guthrie, O., T., May 6.—(Special.)—Towns along the Santa Fe in Oklahoma are considerably worked up over an increase in freight rates which took place last Friday. The increases are as follows: Kansas City to Perry, from 45 to 46; Kansas City to Oklahoma City, from 45 to 46. The Fred Heim Brewing company of Kansas City is taking a leading part in getting the merchants interested in demanding a change.

## INVESTIGATION OF BARNES

Said to be in Progress at the Interior Department.

Guthrie, O., T., May 6.—(Special.)—It is reported that Governor Barnes is being investigated by the interior department in Washington. The curious part of the tale is that he is not being investigated on the complaint of the last legislature, but through a complaint filed by a Mr. Burton of Oklahoma City. Governor Barnes' friends say that Burton's grievance is that he was refused a job.

## TO SETTLE TOWNSITES

Commissioners for the Indian Nations are at Work.

Guthrie, O., T., May 6.—(Special.)—Messrs Johnson and Stieritz, the two townsite commissioners for the Indian nations, recently appointed by the president, are at work. Their first work will be at Colbert, near Denison, Texas. Their decision in townsites is final and their power enormous. They expect to be occupied five years, at least.

## HAS VANISHED UTTERLY

J. N. Haines of Lexington Has No Tidings of His Son.

Guthrie, O., T., May 6.—(Special.)—J. N. Haines of Lexington, announcing that he has never heard a word from his son, who disappeared from Lexington some weeks ago, and has given up hope almost. Young Mr. Haines was seemingly swallowed up by the earth. He has been advertised extensively all over the country.

## CLOUDS FELL IN CHUNKS

Hardest Rain Friday in the History of Oklahoma City.

Oklahoma City, T., May 6.—(Special.)—Friday Oklahoma City had the hardest rain in the history of the city. Nearly four inches fell during the day and at times the down-pour was terrific. At one time the rain fell at the rate of 4.56 inches an hour.

## ONLY ONE VOTE AGAINST

Incorporation Cast in the Election at Manchester.

Guthrie, O., T., May 6.—(Special.)—This week at Manchester an election was held to determine whether the city should incorporate or not. The incorporation advocates won the day, only one vote being cast against the proposition.

## PORTO RICO CAMPAIGNER

Bert Anderson of Norman Has Seen a Year's Service.

Norman, O., T., May 6.—(Special.)—Bert Anderson has returned to the home of his parents here, Mr. and Mrs. M. E. Anderson. He enlisted May 12, 1898, and in the fifth cavalry went through the Porto Rican campaign.

## American Retire for Asia Minor

Washington, May 6.—Particulars of the new Syria-Ottoman railway which is to run from Haifa, near Beirut, to Damascus, and thence to the Persian gulf, have been furnished to the state department by United States Consul Randall at Beirut. He says the Thames Iron Works, one of the contractors, being crowded with orders, the rail and rolling stock for this road will be bought in the United States.

## Nineteen of a Nebraska Mass.

Omaha, Neb., May 6.—William R. Bowen, the best known Mason in Nebraska, shot and killed himself this morning. His funeral will be the cause. He had been secretary of the Nebraska grand lodge for nearly six years and was also grand secretary of every other Masonic body in the state.

## New York May 6.—The Rev. R. Heber

Newspaper, director of All Souls, has offered his church to Bishop Potter for the ordination of Dr. Briggs.

## OFFICES

That's What Filipinos Would Like Assurance Upon

## BEFORE THEY SURRENDER

Lawton Reports the Rebels Throwing Away Arms.

## WASHINGTON, MAY 6.—The adjutant

general is in receipt of a private letter, dated March 21, from General Olin, in which he remarks: "The insurgents fight with fire more than anything else and their repeated attempts to burn up Manila have only been frustrated by the constant force of the provost marshal and his guard. Everybody here is comparatively happy. The best of feeling prevails among the troops; no quarrels; no bickering; but all work cheerfully to secure what the government desires."

The officials of the state and war departments are looking for a speedy collapse of the insurrection in the Philippines. Not only is this expectation based on the private advice of General Olin, but also on the fact that the Philippine commission has been going on between that body and the insurgent representatives, but also upon the successful development of MacArthur's and Lawton's campaigns. So far as the commission's reports are concerned, they indicate that the insurgents have at last recognized the inevitable breakdown of their struggle, and are ready to accept the terms of surrender.

The Philippine commission has been going on between that body and the insurgent representatives, but also upon the successful development of MacArthur's and Lawton's campaigns. So far as the commission's reports are concerned, they indicate that the insurgents have at last recognized the inevitable breakdown of their struggle, and are ready to accept the terms of surrender.

## NO MORE KICKS ON BEEF

Army Is to Have a Chance to Choose Rations to Its Liking.

Washington, May 6.—As a result of the president's consideration of the report of the Wade court of inquiry, appointed to investigate the character of the food supplied to the army, especially meals, during the recent war with Spain, the following instructions were today issued to the military commanders in the Philippines, in Cuba and in Porto Rico: "General Olin, Manila: 'General Brooke, Havana: 'General Davis, San Juan: 'By the president's direction you have from time to time been requested to make suggestions as to changes of ration for your troops, which you have complied with, but to better enable the president to determine, under provisions of section 116, revised statutes, what alterations, if any, in established ration would be conducive to the better health of the troops serving in tropical climates, acting as a board of food directors, you are to give your troops, which you have complied with, but to better enable the president to determine, under provisions of section 116, revised statutes, what alterations, if any, in established ration would be conducive to the better health of the troops serving in tropical climates, acting as a board of food directors, you are to give your troops, which you have complied with, but to better enable the president to determine, under provisions of section 116, revised statutes, what alterations, if any, in established ration would be conducive to the better health of the troops serving in tropical climates, acting as a board of food directors, you are to give your troops, which you have complied with, but to better enable the president to determine, under provisions of section 116, revised statutes, what alterations, if any, in established ration would be conducive to the better health of the troops serving in tropical climates, acting as a board of food directors, you are to give your troops, which you have complied with, but to better enable the president to determine, under provisions of section 116, revised statutes, what alterations, if any, in established ration would be conducive to the better health of the troops serving in tropical climates, acting as a board of food directors, you are to give your troops, which you have complied with, but to better enable the president to determine, under provisions of section 116, revised statutes, what alterations, if any, in established ration would be conducive to the better health of the troops serving in tropical climates, acting as a board of food directors, you are to give your troops, which you have complied with, but to better enable the president to determine, under provisions of section 116, revised statutes, what alterations, if any, in established ration would be conducive to the better health of the troops serving in tropical
